BASED
SPELLING
PATTERNS
PROGRAM**

Diagnostic Spelling Assessment (American English Version) Preparation, Administration, Correction, and Recording

The purpose of this assessment is to determine which of the previous grade-level spelling patterns students have and have not yet mastered. The multi-syllabic words prevent students from identifying the words by memorized “sight spellings” and require recognition of the sound-spelling patterns within the context of syllables.

Administer part or all of the Diagnostic Spelling Assessment (American English Version) test items, according to grade-level criteria.

- Grade 2: K-1 spelling patterns (#s 1–41)
- Grade 3: K-3 spelling patterns (#s 1–55)
- Grade 4: K-3 spelling patterns (#s 1–64)
- Grade 5: K-4 spelling patterns (#s 1–81)
- Grade 6: K-5 spelling patterns (#s 1–96)
- Grade 7: K-6 spelling patterns(#s 1–98)
- Grade 8: K-7 spelling patterns (#s 1–102)

The test items are grouped by spelling patterns e.g., the four long /i/ spellings, to simplify posttest correction and analysis.

Assessment Formats

Choose the Diagnostic Spelling Assessment format which best suits your needs:

1. Paper Only: Teacher dictates the number of test items assigned to the grade levels, following the written administrative protocol. Students take the test on binder paper. Write the numbering pattern on the board or type and display to facilitate correction. Teacher corrects assessments according to directions and records spelling deficits on the **Spelling Patterns Assessment Mastery Matrix**.

2. Audio and Paper: Teacher plays the 22:32 “normal speed” Diagnostic Spelling Assessment [audio file](#) for grades 4, 5, and 6 students or the 17:26 “fast speed” Diagnostic Spelling Assessment [audio file](#) for grades 7 and 8 students up to and including the last spelling pattern word assigned to the grade level. The audio file includes all administrative directions. Students take the test on binder paper. Teacher corrects assessments according to directions and records spelling deficits on the **Spelling Patterns Assessment Mastery Matrix**.

3. Google Forms: Teacher shares either the [Diagnostic Spelling Assessment Google Form](#) with the 22:32 “normal speed” audio file for grades 4, 5, and 6 students or the [Diagnostic Spelling Assessment Google Form](#) with the “fast speed” audio file for grades 7 and 8 students. The audio file includes all administrative directions except announcing which should be the final test item. Students may take the test individually with headphones, or you may choose to play the audio file out loud while students complete the Google forms test.

Cheating: Note that incorrect spellings will be accompanied by the Google red squiggly line indicating a spelling error. Students may be tempted to right click the word and select the correct spelling; however, if the teacher tells the students the purpose of the test and directs them not to self-correct, students will generally follow instructions. Telling students that they will receive the same amount of credit whether the spelling is accurate or not, and using the “fast speed” audio also helps students avoid the temptation of cheating. Teacher uploads the students’ Google Forms to the Spelling Patterns Assessment Mastery Matrix Google Sheets.

Teacher corrects assessments according to directions and uploads the students’ Google Forms into the [Diagnostic Spelling Assessment Mastery Matrix Google Sheets](#).

Administration

The audio files include the assessment directions. If using the paper format, read the directions, saying–

“This is a test to see if you can accurately spell the words I say out loud. I will first say the spelling word; then repeat it; then use it in a sentence; and then repeat the spelling word once more. Listen carefully because I won’t repeat the words after the test is finished. Please print the spelling words.”

Now dictate the spelling word, the example sentence, and the word again. Don’t elongate the vowel or consonant sounds to emphasize spellings. Keep a consistent pace of about seven seconds per test item. Any longer and students will lose their place or begin daydreaming. Since this is a long test, teachers may elect to take a short stretch break in the middle of the test administration.

Correction

Grade the assessment, marking only the specified sound-spelling pattern for each word. In other words don’t mark the word wrong because of other spelling errors in the word. For example, if the sound-spelling pattern is Long /a/ “__ay” and the word is “payment,” the student spelling of “paiment” would be wrong, but “paymunt” would be right. This selective grading isolates the sound-spelling pattern problem areas for each student. Note that testing with Google Forms does not permit this discrimination, but does provide computer grading.

Recording the Data

Write down the names of your students in alphabetical order on the Diagnostic Spelling Assessment Mastery Matrix. Record a slash (/) for each sound-spelling error. Leave the box blank for each correctly spelled sound-spelling. Or create a spreadsheet from the document. If using Google Forms, upload the data to the Diagnostic Spelling Assessment Google Sheets. Note that the matrix includes 102 test items as used in the grade 8 program.

Diagnostic Spelling Assessment

1.	bumper	The car bumper had a large dent.	bumper	
2.	foggy	In foggy conditions it is hard to drive.	foggy	
3.	briskly	They walked briskly through the park.	briskly
