Change It! Sounds Challenge! Sound Jumbles! What's Missing? Spell It!

The Sounds to Print Phonics Games combine phonemic segmentation, blending, and manipulation, letter sounds knowledge, decoding, spelling, vocabulary, and sentence construction for grades 4–adult reading intervention. Now that's efficient practice! The 54 interactive Google slides, each with 4 games and a spelling dictation, require no prep and cover both beginning through advanced sound-spellings.

Watch the quick YouTube overview, while referring to the following **Teaching Script**, to learn how to play the games with your students: <https://www.youtube.com/watch?v=g99edLaThJI>

Teaching Script for CHANGE IT! (This is the first game; the other game directions follow.)

1. The word is _____. Word? (Turn off the display as you move the cards.)
- 2a. Say the sounds as you drag the cards down (the first CHANGE IT! word).
- 2b. Say the sounds as you change 'em around (the rest of the CHANGE IT! words).
3. (Turn on the display.) Check the display and make yours like mine.
4. Let's say the sounds (point to each sound).
5. Let's blend the sounds. Word?
6. Who can use this word in a sentence?
7. Let's spell the words (after completing activities).

NOTES: Teachers may opt to have students print the word on a white board or binder paper after Step 4 above.

The short vowels are color-coded *green* and the consonants are *black*.

Each **CHANGE IT!** set of word chains begins with review of the previous lesson's sound-spellings. Unlike other word chain games, the **CHANGE IT!** word chains change more than one vowel or consonant from word to word.
